Dear Sir or Madam!

We offer you to consider the possibility of purchasing oil and gas production equipment which is manufactured by “Trade House “VolgaPromServis” company and is widely operated in Russia. The company has been working since 2009 and has proven itself as a successful manufacturer of oil and gas production equipment.

The list of produced equipment is shown below:

- X-mas tree with borehole and side outlet diameter $D(\text{in}) = 2 \frac{1}{16}, 2 \frac{9}{16}, 3 \frac{1}{8}, 4 \frac{1}{16}$ and $P(\text{psi}) = 5000$ max;
- casing string (1-3 strings) piping equipment (wedge and coupling equipment) designed for pipes $D(\text{in}) = 5 \frac{1}{2} - 16 \frac{3}{4}$ and $P(\text{psi}) = 5000$ max;
- locking, control (throttling) and safety devices to stop and smoothly increase/decrease flow of operating fluid by $P(\text{psi}) = 5000$ max;
- ball valves, valves of instruments (pressure gauges), packing of well pump cables;
- different fittings (threaded and flanged), couplings, quick-release connectors $P(\text{psi}) 5000$ max;

The company applies excellent equipment and control methods to produce high-quality equipment, tap high-accuracy sealing threads and sealing connections of parts and units of equipment.

The equipment is supplied to oil companies in Russia and in the Republic of Kazakhstan where it is successfully operated and contributes to oil and gas production.

All our equipment is certified according to ROSS RU, EAC.

Detailed specifications and the list of equipment with diagrams and 3D images are provided in the product catalog of our company.

Our marketing development team is currently working on English versions of our web-site and catalog.
